

Cardiology Handouts

www.vivacare.com

Conditions

- Aneurysm: Aortic (AA)
- Aneurysm: Peripheral
- Angina (Chest Pain)
- Atherosclerosis
- Atrial Fibrillation (AF)
- Atrial Septal Defect (ASD)
- Bacterial Endocarditis
- Bradycardia
- Cardiac Arrest
- Cardiogenic Shock
- Cardiomyopathy
- Congenital Heart Defects
- Coronary Artery Disease
- Coronary Microvascular Disease
- Deep Vein Thrombosis
- Diabetes & Heart Disease
- Diabetes: Type 1
- Diabetes: Type 2
- Fainting (Syncope)
- Gastroesophageal Reflux (GERD)
- Heart Arrhythmia
- Heart Attack (MI)
- Heart Block
- Heart Failure
- Heart Murmur
- Heart Palpitations
- Heart Valve Disease
- High Blood Cholesterol
- High Blood Pressure
- Hyperlipidemia
- Kawasaki Disease
- Long QT Syndrome
- Low Blood Pressure
- Marfan Syndrome
- Metabolic Syndrome
- Mitral Valve Prolapse
- Orthostatic Hypotension
- Patent Ductus Arteriosus
- Pericarditis
- Peripheral Arterial Disease
- Pneumonia
- Pulmonary Embolism
- Sleep Apnea
- Stroke
- SVT
- Tachycardia
- Tetralogy of Fallot

- TIA
- Triglycerides
- Varicose Veins
- Vasculitis
- VSD

Tests & Procedures

- Angiography: Coronary
- Angioplasty (PCTA)
- Blood Transfusion
- Cardiac Catheterization
- Cardioversion
- Catheter Ablation
- CBC
- Chemistry Panel
- Cholesterol Level
- CABG
- Coronary Calcium Scan
- Creatine Kinase (CK)
- CRP: High Sensitivity
- CT Scan: Cardiac
- CT Scan: Chest
- Echocardiography
- Electrocardiogram
- Electrophysiology
- Heart Surgery
- Heart Transplant
- Holter & Event Monitors
- Homocysteine
- Implantable Defibrillator
- INR
- Lung V/P Scan
- MRI Scan: Chest
- MRI: Cardiac
- Nuclear Heart Scan
- Pacemaker
- Sleep Study: Polysomnogram
- Stents
- Stress Testing
- Thoracentesis
- Tilt Table Test
- Transesophageal ECHO
- Troponin
- Ultrasound: Carotid
- X-Ray: Chest

Medications

- Anticoagulants
- Aspirin for Heart Health
- Crestor®

- Medication Rebates and Refills
- Lipitor®
